Registration

We only have over 90 Fire Service people registered so far and over 50 legislators for the 2010 Fire Department Day on the Hill. The registration is important to be able to estimate room sizes and food quantities. Please take time to register by simply clicking on one of the following link.....

Please register by clicking this link [FD Day on the Hill](http://fs16.formsite.com/ISFSI/FDDayonHill/index.html) or this link <http://fs16.formsite.com/ISFSI/FDDayonHill/index.html>

Parking & Shuttle

Many of you have been asking about parking and shuttle for the Fire Department Day on the Hill. Parking downtown is limited and expensive. Parking and a shuttle was provided last year from nearby LP Field. Robert Law with the TFSIA is once again overseeing this part of the event and final details are not complete as of yet. Last year we had two vans to shuttle people who parked at LP Field up to the Capital.

Parking at LP Field has been approved but moved from lot D behind the Exxon station (where we parked last year) to Lots G and M off of James Robertson Pkwy. Any Vehicle not marked as a fire department unit will need to display the following parking pass in the window. Please print this and place in your window if you are in a unmarked Fire Vehicle.

**FIRE DEPT
VEHICLE
Lot G or M
March 16,2010 only**

Food

Please remember to bring a \$10 to donate toward the food being provided by Chappy's Catering. Legislator meals are being taken care of by the fire coalition.
