POSITION STATEMENT

“Turn Your Attention to Fire Prevention”

The Board of Directors of the Tennessee Fire Chiefs Association fully supports the initiative of the Alabama Association of Fire Chiefs known as “Turn Your Attention to Fire Prevention”. We feel it is vitally important to the mission of the fire service to fully embrace every opportunity to prevent fires and civilian fire deaths. We have witnessed firsthand in our state the strong success of the similar program “Get Alarmed Tennessee” and we urge all members of the Tennessee fire service and our sister states in the Southeastern Association of Fire Chiefs to “Turn Your Attention to Fire Prevention”.

The Tennessee Fire Chiefs Association fully supports and commends the Alabama Association of Fire Chiefs and the Southeastern Association of Fire Chiefs in their promotion efforts of the “Turn Your Attention to Fire Prevention” program.

Adopted this 14TH Day of OCTOBER, 2015

Chuck Walker

Chief Chuck Walker
President
Tennessee Fire Chiefs Association
