

Our Tennessee Fire Service is very blessed to have a place to honor our fallen brothers and sisters. Tennessee Fallen Firefighter Memorial is located at our Tennessee Fire Service and Code Enforcement Academy in Bell Buckle, TN. It is an honor to server our fallen brothers and sisters by putting our time into the property to never let it look abandoned. We want the family members to know that their loved ones were not forgotten when they visit the memorial. We do this by making sure that the property stays in prestige condition, because they deserve nothing less. Working side by side we can be proud to say we made a difference.

FALLEN FIREFIGHTER MEMORIAL
